The Megayard in Sint Maarten has been open now for 5 years and is located in Cole Bay across the lagoon from Simpson Bay Yacht Club. This branch has 2 Travelifts: a 150 metric ton (165 US ton) machine that can haul vessels up to 33 feet wide. And a second machine of 75 tons for the smaller sail boats. This machine can accommodate a 19 foot wide vessel.

This Yard has 24 hour security guard and a 3 meter security wall surrounding the yard with night security lighting. In near proximity to the yard, all within walking distance are a full array of the best vendors of marine parts and equipment in the Caribbean. In addition to this, there is a full selection of vendors supplying all the services one might need performed from: sail makers to rigging, welding, mechanical, refrigeration and electrical all within easy walking distance of the Megayard.

There is a second location of the Megayard alongside the Airport. This Yard has a 50 ton Travelift for the smaller vessels. Here we accommodate the vessels that wish to stay out for a long term. This yard has a security fence and lighting but there is no security guard on duty.

At both the facilities professional assistance is available to solve your boating problems and we have an array of subcontractors that can assist with any work needed to be performed from welding to electrical. The Megayard is experienced at doing your bottom painting and as we use environmentally friendly dustless sanders, we do all work below the waterline without any dust. We offer very competitive pricing and estimates are available upon request for the sanding and painting of the bottom. As we here in Sint Maarten are in the hurricane belt, we of course offer hurricane storage. The Hurricane Season is between the months of June to November. This is a very popular service and early booking is essential. The boats will be chocked and cross braced for security with the masts of keel boats removed as a precaution. Many owners take the opportunity to inspect both rigging and mast at this time. Catamarans are offered hurricane concrete hold down blocks and are chocked both forward and aft to prevent any movement during a storm. We at the Megayard feel that we will offer you our customer a satisfying and professional stay in our yard and we look forward to being of service to you.
Like most haul-outs, the Bocas del Toro boatyard offers some long-term dry storage spots. However, that is not their main emphasis, so they only accept such vessels on a first-come first-served basis. So, if that is your intention, you better make a reservation soon. It is easy to route from the big airports in Panama City, Panama or San Jose, Costa Rica to just about anywhere.

However, here is a much better option. If you sail downwind from the Eastern Caribbean to Panama you will have left the HURRICANE ZONE. Thus you could do your haul-out at a very affordable facility and then spend the rest of the summer enjoying a completely un-crowded and magical archipelago. Many people think of this area as The Undiscovered Caribbean. The anchorages are never jammed and there are no charter fleets or pay-til-it hurts mooring fields.

The new yard, which has been open for three years, welcomes both do-it-yourself sailors and those seeking a full-service facility. Their rates for skilled labor are very reasonable and they can handle welding, fiberglass, mechanical, bottom and topside painting, canvas work and sail repair. The travel lift can hoist 60 tons and there is a big crane for pulling masts and diesel engines. The lift underwent major improvements in 2018 including new straps, new hydraulic system, engine and tires.

It is an American owned yard and most of the staff speaks English. Plus there is a “serious” fence surrounding the entire yard - making it very safe. Safety is a priority!

Once your haul-out is complete, an amazing cruising ground awaits you. It is essentially an inland sea, where the waves are mild rather than menacing. There are excellent beaches and young reefs that are not bleached out. There are many mangrove islands and several high islands that feature monkeys, sloths and toucans. There is a gorgeous bay that features a resident group of dolphins. Inexpensive over-the-water restaurants are scattered about the archipelago.

The cruising community is sizable and very active in Bocas del Toro. The hub for much of the activity is the Bocas Marina (www.bocasmarina.com and its restaurant called The Calypso Cantina. They host swap meets, pot lucks, and holiday gatherings. The little town is wonderfully laid back. However, all of the basic grocery and hardware items that a sailor needs are readily available.

Perhaps it is time that you set a waypoint for The Undiscovered Caribbean.

DOING IT RIGHT
Our boatyard crew is repeatedly congratulated on social media for their special care and attention. One client wrote:

“The lowest common denominator for any boatyard is that they perform common and skilled tasks for the longevity and performance of expensive boats – and they do so safely and efficiently. What makes certain boatyards stand out from others, are in fact, the employees who work there. Clarkes Court Boatyard and Marina is such a place. For a variety of reasons, it stands out as the best haul-out and maintenance facility we have ever experienced in the 10 years we’ve owned our catamaran. I would never be so naive as to call this ‘nirvana’ (as I’m not overly found of boatyards - only sailing) but this organization has its act together. Read the current reviews and walk the boatyard yourself.”

With excellent lifting equipment, our team is committed to serving a large range of boats, including youth sailing dinghies, cruising yachts, motor vessels, fishing boats, commercial ferries, wooden classics and multihull charter fleets. All will find a warm welcome.

Puerto Del Rey Marina in Puerto Rico is the largest and most complete marina in the Caribbean; their first-class facilities have seen significant improvements and investment over the last 14 years. That investment, combined with its strategic location (surrounded by mangroves and mountains), helped avoid a catastrophe during Hurricanes Irma and Maria in 2017. The massive breakwater played a crucial role in saving hundreds of vessels in the water, and the steel and concrete foundations in the Hurricane Storage proved critical in saving hundreds of boats on land. Over 1,300 vessels survived the direct hit from Hurricane Maria and her 200+ mph winds while stored in Puerto del Rey. The marina was open for business just a few days after the hurricane passed. The Marina invested in a 1.5-Megawatt generator capable of running all the facilities and ensuring they are even more prepared for any future events. Call or write them today to ask about Hurricane Storage options.

The Puerto Del Rey Boat Yard is the only yard in the Caribbean with 4 travel lifts; the most powerful of which is capable of hauling out vessels up to 150 tons. There are also bull forklifts that can haul vessels up to 42’ LOA and 32,000 lbs. You can rest assured that your vessel, regardless of size or service needed, can be taken in by Puerto Del Rey.

Do you need to get some work done on your boat? They have you covered. Puerto del Rey is home to 14 authorized contractors, some of them have built reputations as the best in the region. This gives you the ability to select the contractor whose skillset matches your needs and whose prices come within your budget; all this without leaving the marina! Some of the areas the contractors excel in include: propulsion systems, motor repair and mechanics, woodworking, welding and metal fabrication, electrical repair, fiberglass repair and finishing, and bottom maintenance and painting.

As if that were not enough, Puerto Del Rey offers a wide variety of amenities to their guests and boat owners. Get gas or diesel at the Shell Fuel dock. Get some work done (or some leisure done) by connecting to the free marina Wi-Fi. Take a break from the water and stay in one of their on-premise apartments (1 and 2 bedrooms available). There is also a gym, game room, jungle gym, jogging trail, concierge service, provisioning assistance, a heliport, on-site car rental service, car wash, hair salon, laundry facilities, a deli-market, and the best seafood restaurant in town.

Puerto Del Rey Marina is your one stop shop in the Caribbean for all your boating needs. Our range of services will make your visit more convenient and productive. Our excellent contractors, first rate facilities, and dedicated staff will make it an unforgettable experience. Puerto Del Rey Marina is your one stop shop in the Caribbean for all your boating needs. We are more than a marina... we are your gateway to the Caribbean.”
