Experience matters ...

This is the perfect time to Refit, Upgrade, Fix or simply place your beloved boat into hibernation for the hurricane season. Who are you going to trust to take care of your prized possession?

Take a moment ... The selection of a boatyard to meet your needs and exceed your expectations can be a daunting challenge.

We’re making the choice easy for you. Here’s a spotlight on several of the Top Boatyards that specialize in Refit and Hurricane Storage.

This special section will provide an inside look at their capabilities and help you create a relationship to get the job done.

We welcome recommendations for yards to include in next year’s edition!
The Megayard in Sint Maarten has been open now for 10 years and is located in Cole Bay across the lagoon from Simpson Bay Yacht Club. This branch has 2 Travelifts: a 150 metric ton (165 US ton) machine that can haul vessels up to 33 feet wide. And a second machine of 75 tons for the smaller sailboats. This machine can accommodate a 19 foot wide vessel.

This Yard has 24 hour security guard and a 3 meter security wall surrounding the yard with night security lighting. In near proximity to the yard, all within walking distance are a full array of the best vendors of marine parts and equipment in the Caribbean. In addition to this, there is a full selection of vendors supplying all the services one might need performed from: sail makers to rigging, welding, mechanical, refrigeration and electrical all within easy walking distance of the Megayard.

There is a second location of the Megayard alongside the Airport. This Yard has a 50 ton Travelift for the smaller vessels. Here we accommodate the vessels that wish to stay out for a long term. This yard has a security fence and lighting but there is no security guard on duty.

At both the facilities professional assistance is available to solve your boating problems and we have an array of subcontractors that can assist with any work needed to be performed from welding to electrical. The Megayard is experienced at doing your bottom painting and as we use environmentally friendly dustless sanders, we do all work below the waterline without any dust. We offer very competitive pricing and estimates are available upon request for the sanding and painting of the bottom. As we here in Sint Maarten are in the hurricane belt, we of course offer hurricane storage. The Hurricane Season is between the months of June to November. This is a very popular service and early booking is essential. The boats will be chocked and cross braced for security with the masts of keel boats removed as a precaution. Many owners take the opportunity to inspect both rigging and mast at this time. Catamarans are offered hurricane concrete hold down blocks and are chocked both forward and aft to prevent any movement during a storm. We at the Megayard feel that we will offer you our customer a satisfying and professional stay in our yard and we look forward to being of service to you.
Like most haul-outs, the Bocas del Toro boatyard offers some long-term dry storage spots. However, that is not their main emphasis, so they only accept such vessels on a first-come first-served basis. So, if that is your intention, you better make a reservation soon. It is easy to route from the big airports in Panama City, Panama or San Jose, Costa Rica to just about anywhere. However, here is a much better option. If you sail downwind from the Eastern Caribbean to Panama you will have left the HURRICANE ZONE. Thus you could do your haul-out at a very affordable facility and then spend the rest of the summer enjoying a completely un-crowded and magical archipelago. Many people think of this area as The Undiscovered Caribbean. The anchorages are never jammed and there are no charter fleets or pay-til-it hurts mooring fields.

The new yard, which has been open for three years, welcomes both do-it-yourself sailors and those seeking a full-service facility. Their rates for skilled labor are very reasonable and they can handle welding, fiberglass, mechanical, bottom and topside painting, canvas work and sail repair. The travel lift can hoist 60 tons and there is a big crane for pulling masts and diesel engines. The lift underwent major improvements in 2018 including new straps, new hydraulic system, engine and tires.

It is an American owned yard and most of the staff speaks English. Plus there is a "serious" fence surrounding the entire yard - making it very safe. Safety is a priority!

Once your haul-out is complete, an amazing cruising ground awaits you. It is essentially an inland sea, where the waves are mild rather than menacing. There are excellent beaches and young reefs that are not bleached out. There are many mangrove islands and several high islands that feature monkeys, sloths and toucans. There is a gorgeous bay that features a resident group of dolphins. Inexpensive over-the-water restaurants are scattered about the archipelago.

The cruising community is sizable and very active in Bocas del Toro. The hub for much of the activity is the Bocas Marina (www.bocasmarina.com and its restaurant called The Calypso Cantina. They host swap meets, pot lucks, and holiday gatherings. The little town is wonderfully laid back. However, all of the basic grocery and hardware items that a sailor needs are readily available.

Perhaps it is time that you set a waypoint for The Undiscovered Caribbean.

Don’t miss the Annual Bocas Del Toro Regatta (bocasdeltoro regatta.com) in February. Last year’s regatta was a great event with over 38 mono and multihull boats. Lots of prizes from our local sponsors! Be part of the first Sailing Regatta in Central America!

We are truly unique in that DIY work is welcome. We also offer commercial rates and we encourage subcontractors to bring their boats in to perform their services.

**DOING IT RIGHT**

Our boatyard crew is repeatedly congratulated on social media for their special care and attention. One client wrote: “The lowest common denominator for any boatyard is that they perform common and skilled tasks for the longevity and performance of expensive boats – and they do so safely and efficiently. What makes certain boatyards stand out from others, are in fact, the employees who work there. Clarke’s Court Boatyard and Marina is such a place. For a variety of reasons, it stands out as the best haul-out and maintenance facility we have ever experienced in the 10 years we’ve owned our catamaran. I would never be so naïve as to call this ‘nirvana’ (as I’m not overly fond of boatyards - only sailing) but this organization has its act together. Read the current reviews and walk the boatyard yourself.”

With excellent lifting equipment, our team is committed to serving a large range of boats, including youth sailing dinghies, cruising yachts, motor vessels, fishing boats, commercial ferries, wooden classics and multihull charter fleets. All will find a warm welcome.

Grenada Marine is a haul out and marina facility in St. David’s, on the southeast coast of Grenada. Located in the well protected and tranquil bay of St David’s Harbour. The haul out bay has a controlling depth of 17ft at low water and a 32ft width/beam serviced by a 70-ton Travel Lift. There is also a 100-meter dock face for marina dockage. The marina crew prides themselves in the care and attention to detail taken to ensure each vessel is safely stored ashore in the Grenada Marine boatyard. Each boat is hauled, then pressure washed, then carefully taken to its designated area.

The site is comprised of 10 acres with approximately 8 acres for storage of boats and a computerized storage yard management system with guardianage support, to efficiently allocate space and monitor yachts during their stay.

Specialty and custom storage solutions are offered to all customers for their vessels, such as use of ‘insurance approved’ steel cradles and mast racks, tiedown anchors or storage of boats by type.

Grenada Marine can store 250 yachts using a stacker (60 tons max) and can lift 70 tons/31.5’ wide. The travelift slip draft is roughly 16’ and the 100-meter service dock enables ‘in the water’ works.

Onsite Amenities include:
- Laura’s Restaurant & Bar
- Island Water World Chandlery
- Customs & Immigration Offices
- Laundry and Showers
- Mail / Parcel Service
- 24hr security
- Diesel Fuel
- Free Wi-Fi
- Transportation into the St. George’s area

The owners Jason and Laura Fletcher have run Grenada Marine for over 19 years and play an active role in the day to day operations of the Boatyard - with a strong commitment to provide professional service.

In 2019, Grenada Marine awarded 12 N - The Caribbean Yacht Specialists an exclusive contract for all the marine maintenance and repair aspects of the business. 12 N employs a combination of carefully selected & experienced marine certified technicians ready to exceed your expectations by performing quality work that is completed on time and within budget.
Imagine a renowned marina and full service boatyard uniquely situated in a natural hurricane hole and you start to get the idea behind why the combination of Compass Point Marina and Independent Boatyard & Marina are so special and so in demand.

To your benefit, the timing is right as we now have a brand new 500 foot dock extension added to Compass Point Marina expanding our capacity and specifically designed with wide slips for catamarans.

**Boatyard Facts**

Independent Boatyard & Marina is located in St. Thomas, US Virgin Islands on the South side of St. Thomas. The boatyard and marina are located in Benner Bay (sometimes known as the “lagoon”), which is a protected hurricane hole. On premises businesses include a Machine shop, a Fiberglass shop, a Wood shop, an Outboard repair shop, a large Budget Marine chandlery, as well as Cariga’s, an on site long time Bar/Restaurant. A large food store (Food Center) is located across the street from the boatyard and down a 1/2 block. The eastend town and harbor of Red Hook (Vessup Bay on charts) is about 2 miles east of the boatyard and has numerous restaurants, a pharmacy, and another food store. Red Hook is also the terminus of the St. Thomas to St. John ferry, which usually runs hourly.

The yard is equipped with a 50 ton Marine Travelift (up to 18 feet of beam), 35 ton crane and a 35 ton Hostar Marine yard transporter used for close stacking during hurricane season. The channel into Benner Bay is marked with day shapes on pilings with a depth of 8ft at high tide and 7 feet at low tide in the channel. Please call the office for an emailed channel chart but as a rule, favor the red.

**Combined Marina Facts**

There is a 93 slip Marina attached to the boatyard, which does long term slip rentals (three months or more). Our sister marina, Compass Point Marina, which has 195 slips, is just South of Independent Boatyard & Marina in Benner Bay bordering the entry channel. Compass Point Marina does do transient slip rental on a space available basis. Both marinas due to their location in a hurricane hole, allow vessels to remain in their slips during the hurricane season provided vessels comply with our written hurricane tie-off plan.

Adjacent to our slipway is a floating staging dock used by vessels slated for haulout.

The perfect location combined with all of the marine services located at your immediate discretion. Everything is covered from provisioning to hurricane storage. Act now to lock in your reservation as we currently have new found availability that assuredly won’t last long.

Puerto Del Rey marina in Puerto Rico is the largest and most complete marina in the Caribbean; their first-class facilities have seen significant improvements and investment over the last 14 years. That investment, combined with its strategic location (surrounded by mangroves and mountains), helped avoid a catastrophe during Hurricanes Irma and Maria in 2017. The massive breakwater played a crucial role in saving hundreds of vessels in the water, and the steel and concrete foundations in the Hurricane Storage proved critical in saving hundreds of boats on land. Over 1,300 vessels survived the direct hit from Hurricane Maria and her 200+ mph winds while stored in Puerto Del Rey. The marina invested in a 1.5-Megawatt generator capable of running all the facilities and ensuring they are even more prepared for any future events. Call or write them today to ask about Hurricane Storage options.

The Puerto Del Rey Boat Yard is the only yard in the Caribbean with 4 travel lifts; the most powerful of which is capable of hauling out vessels up to 150 tons. There are also bull forklifts that can haul vessels up to 42’ LOA and 32,000 lbs. You can rest assured that your vessel, regardless of size or service needed, can be taken in by Puerto Del Rey.

Do you need to get some work done on your boat? They have you covered. Puerto del Rey is home to 14 authorized contractors, some of them have built reputations as the best in the region. This gives you the ability to select the contractor whose skillset matches your needs and whose prices come within your budget; all this without leaving the marina! Some of the areas the contractors excel in include: propulsion systems, motor repair and mechanics, woodworking, welding and metal fabrication, electrical repair, fiberglass repair and finishing, and bottom maintenance and painting.

As if that were not enough, Puerto Del Rey offers a wide variety of amenities to their guests and boat owners. Get gas or diesel at the Shell Fuel dock. Get some work done (or some leisure done) by connecting to the free marina Wi-Fi. Take a break from the water and stay in one of their on-premise apartments (1 and 2 bedrooms available). There is also a gym, game room, jungle gym, jogging trail, provisioning assistance, a heliport, on-site car rental service, car wash, hair salon, laundry facilities, a deli-market, and the best seafood restaurant in town. Puerto Del Rey Marina is your one stop shop in the Caribbean for all your boating needs.

“Our range of services will make your visit more convenient and productive. Our excellent contractors, first rate facilities, and dedicated staff will make it an unforgettable experience. Puerto Del Rey Marina is your one stop shop in the Caribbean for all your boating needs. We are more than a marina... we are your gateway to the Caribbean.”
